Quizzes

Chapter Quizzes are provided for practice for each Lesson and do not count towards your grade. (These are the quizzes in the back of your textbook.) You should use the quizzes to check yourself **after** reading a chapter. They are there for you to check your mastery of the chapter -- the exams will use different questions.

The quizzes are machine-scored so spelling errors are counted as wrong answers. Also, there may be an alternative correct answer that is not listed. **Do not panic if the computer scores an answer on a quiz wrong when it is really correct.**

Please let me know if you feel a question needs fixing because it is unclear, there is another alternative answer, or the question is just plain wrong--errors do sometimes occur.

Exams

There are four exams, each covering a Unit in the textbook--note that the exams are cumulative. Each exam has 25 questions.

Exams are taken on your computer.

Academic Honesty. You may not receive help from anyone while taking an exam. Students are expected to adhere to the University of Toledo's policy on

Main Campus Testing Center website:

Final Exam

Because the Exams are cumulative, there is no need for a Final Exam.
