(E) Inspection and challenge of educational records

Students have the right to inspect and review most information contained in their educational records, to challenge the contents of their educational records, to have a hearing of the outcome if the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the decisions of the hearing panel to be unacceptable. The university registrar at the University of Toledo is responsible for coordinating the inspection and review procedures for student educational records. The statement must be reasonably concise, normally not more than one hundred words, and will be maintained with the student's educational records, and released whenever the records in question are disclosed.

At any time after a request for a formal hearing is made, a student may request in writing that the university registrar furnish a copy of the student's statement of dispute or the resolution thereof to any person specifically designated by the student.

Students who believe that adjudication of their challenges is unfair, or not in keeping with the provisions of the Act, may request, in writing, assistance from the senior academic administrator; however, if the incumbent of that office has served on the hearing panel in the matter, the request may be directed to the Office of the President of the University.
